FESTIVAL STANDARDS

In the spirit of ensuring that Newport Arts Festival (NAF) is a pleasurable and rewarding event for everyone who participates, we have adopted the following standards.

1. **Artist's own hand** All work displayed at NAF must be of professional quality and created and executed by the displaying artist's own hand.
2. **Single artist or two person team** The work displayed at NAF is limited to the work of single artists or two-person team collaborations.
3. **All of artist's mediums to be juried** Artists may only exhibit and sell work in the media categories for which they are accepted.
4. **Limitations on photomechanical reproductions** NAF permits photomechanical reproductions of an artists' original work limited to no more than 20% of the artist's display. Reproductions must be limited edition prints, numbered, and signed by the artist. Prints must be labeled as reproductions.
5. **Items not accepted** Items made with commercially available patterns or molds or any item produced commercially or by anyone other than the artist will not be accepted into the show. The Festival Committee (FC) will check each booth before opening and maintain the right to ask artists to remove items appearing to be incongruous with festival standards.
6. **Artists present at the festival** Artists must be present during the entire event and must personally staff their exhibit space. No agents, dealers or representatives may attend the event in place of the artist.
7. **Consistency of images submitted** At intervals throughout the show, all displays will be reviewed by the FC. The committee will ensure that all items that each artist displays are of the same or better quality as the images the artist has submitted.
8. **In the event of rain NAF is a rain or shine event.** Though individual artists' booths are under larger festival tents, we encourage you to have suitable material to protect your work. In the case of severe inclement weather, the FC along with the venue management may decide to close the show. Artists leaving or packing up their booths without the approval of the committee risk not being invited back to the show. No refunds will be granted.
9. **Cooperation with rules and standards** The FC will require artists to remove any items that are not within the show's standards. Artists violating the rules and standards of NAF or who fail to cooperate with FC will not be allowed to exhibit in the show. At any point during the show, the FC reserves the right to remove anyone from exhibiting in the show for failure to follow the NAF's rules and standards.
